an ode to all the struggling artists

ABOUT

Here we present part of the photographic set documenting Monsignor's enVide neFelibata artwork contribution to the permanent collection of several museums, galleries and other national and international cultural spaces. This set is not the artwork, nor does it even shows the work itself, but only the act of surrender.

In a brief analysis we can question the fact that the artist has to lower his pants in order to see his artwork represented on the collection of the various spaces in question, as well as the quality of the work itself to be deposited.

If you wish to expose this collection, simply download it, print and show it. Thank you, however, for notifying me about the location and date of that eventual show.

So far, these are some of the spaces that hold my work:
